## BACKSTAGE TOURS

### WHAT IS A BACKSTAGE TOUR?

Take your class behind the scenes!

Our Backstage Tours bring your class right into the Martha Cohen Theatre, where you and your students will explore the stage, fly-tower, production shops, rehearsal hall, and all the nooks and crannies in between! Help your students gain a deeper understanding of how a production goes from an idea to a fully realized show. Tours are usually 1 hour long.

Note: Accessibility may be an issue for those with mobility challenges. If you are interested in this program but have a question about access to participation, please get in touch. All requests will be considered, however times are subject to our production schedule and tours may need to be moved, so please only book your buses after you have received a confirmation of booking.
